June 2019

Dear A. W. Beattie Families,

I know summer is just upon us and I hope that everyone enjoys the break from the school year's hustle and bustle, but before you put your feet up there are a couple of items for our new families and returning families.

On Wednesday, June 12th, Apex uniforms will be on-site at the Career Center for students to try on and on-line order their 2019-2020 program uniforms. For all students, please check the Beattie website for the link to review your program uniform requirements. There are only four (4) programs that do not require uniforms. Apex will be on site between the hours of 9:00 a.m. - 1:00 p.m., please stop by and ensure you are ready for the first week of school.

Student parking pass applications for 2019-2020 may be picked up in the school office beginning July 29th. Mr. Scariot will be available on Wednesday, August 14th between 10:00 a.m. - 1:00 p.m. to process student parking applications.

Additionally, as we continue to review and update our safety standards across the campus, the Joint Operating Committee will be discussing the establishment of a certified school police officer position to be implemented during the 2019-2020 school year. On June 20th, Chief David DeSanti of the Town of McCandless Police Department will be in attendance as the Joint Operating Committee considers this position. The meeting will begin at 6:30 p.m. in the Arlene J. Bender Student Conference Center on our campus.

Respectfully,

Eric C. Heasley
Executive Director
